Which corresponding author is responsible for remaining publication activities?

Wiley requires **one** corresponding author to be assigned to complete remaining pre-publication activities, including:

- Confirming the article's funding information
- Verifying affiliation with institutions that have pre-paid for Open Access publishing fees
- Arranging payment for Open Access fees, when applicable
- Signing the copyright license and/or gathering signatures from copyright owners
- Reviewing online proofs of the final article

 Article may be eligible for Open Access APC funding or discount

- Information provided at submission indicates Christoph Schüth may be affiliated with Technische Universität Darmstadt.
- Information provided at submission indicates Hagar Siebner may be affiliated with Technische Universität Darmstadt.
- Information provided at submission indicates Berhane Abrha Asfaw may be affiliated with Technische Universität Darmstadt, Technische Universität Darmstadt and Technische Universität Darmstadt.

If you wish to participate, they should be assigned as the responsible corresponding author.

 **Action required**

Article is eligible for Open Access through your institution at no fee

Good News! Because you are affiliated with MAX-PLANCK-GESELLSCHAFT, fees to publish your article open access have already been paid through Germany's nationwide DEAL agreement. Therefore, confirm open access when asked. This will increase the visibility and impact of your research; the fees to publish open access are already covered and opting out of publishing open access would not save you or your institution money.

Your entitlement to open access publishing provided by DEAL, as corresponding author of the article, will be verified by the institution selected above. Please ensure your institutional affiliation here matches the one in your proofs, ahead of publication.

Visit the [Projekt DEAL Agreement](#) page for more information.

Please specify who owns the copyright for this article

The answer to this question will tell our system whether you are authorized to sign this form yourself, or if you will be required to obtain another signature in order to legally transfer or retain copyright.

☒ **Contributor-owned work**

This is the correct selection for most authors. It is customary in most academic and healthcare institutions for faculty to retain copyright for articles that they have authored. Please check whether different policies apply in your institution.

☐ **U.S. Government work**

Applies only if your work was authored as part of your official duties as a United States federal government employee; such works are in the public domain in the US.

☐ **U.K. Government work**

Applies only to employees of the U.K. Government.

☐ **Non-Governmental Organization work**

Applies only if the work was carried out during the course of employment by a Non-Governmental Organization.

☐ **Other Government work**

Applies only to government employees outside of the U.S. and U.K.

☐ **Company/institution-owned work**

This does not typically apply to most universities and academic institutions. Applies when an organization, often a commercial corporation, owns the copyright of a work either because there is a specific clause in the author's contract of employment that states the company/institution's ownership of its employees' intellectual property, or it has been contracted ('made for hire').

Paso 5:

Confirmación de la opción de acceso abierto
